

## FINANCIAL AGREEMENT FOR ANESTHESIA SERVICES

Patient Name: \_\_\_\_\_ Date: \_\_\_\_\_

Procedure: \_\_\_\_\_

Estimated treatment time: \_\_\_\_\_ Estimated anesthesia fee: \_\_\_\_\_

I understand that the anesthesia fees are:

\$ 900 for the first 90 minutes + \$150 for each additional 15 minutes (or portion thereof)

Please circle anticipated method of payment:    Visa    Mastercard    Discover

Is the patient a TriCare insurance beneficiary?    Yes    or    No

No American Express, personal checks, or any other type of payment will be accepted. The estimated anesthesia fee is based upon the dentist's estimate of treatment time, anesthesia preparatory time and the patient's response to the anesthetic used.

Payment for anesthesia services is due the day of treatment. In the event anesthesia time exceeds the estimate, the patient is responsible for the additional charges. However, if the anesthesia time is less than the estimate, the patient will receive a prorated refund.

Most insurance policies do not pay for anesthesia services for dentistry. Please check with your insurance company regarding your benefits if you wish to seek reimbursement directly from them. We will be happy to provide a receipt for the anesthesia services. Dr Johnson does not directly bill insurance for anesthesia services. Any anesthesia covered by your plan will be the member's responsibility to redeem.

SDDA is a separate business and independent from the operative dentist. The fees associated with your child's dental work are completely separate from the fee associated with the anesthesia.

I understand that if I fail to pay the anesthesia fees, I will be charged an interest of 38% APR and will be liable for all the collection charges and or court fees.

I have read, understand, and agree with the above estimate of fees.
